## INTRODUCTION

The Royal Hospital School (RHS)<sup>1</sup> is an Independent School operating as part of the Greenwich Hospital Crown Charity<sup>2</sup>.

Under Data Protection Law<sup>3</sup> the School is designated a 'Data Controller', with a responsibility for policies and privacy notices related to the control and processing of personal data.

## WHAT THIS NOTICE IS FOR

This overarching School Privacy Notice is intended to provide information about how the School will use and hold ("process") personal data about individuals including: its staff; its current, past and prospective pupils; and their parents, carers or guardians (referred to in this policy as "parents"); friends and supporters of the School and its activities.

In the interests of clarity and transparency, separate and more focused Privacy Notices are provided in relation to the following:

- RHS Charitable Trust – alumni, School development and Friends of RHS Music
- RHS Enterprises Ltd – letting of School facilities and commercial/community support activities
- Music At RHS
- Pupils
- Staff and new applicants
- Contractors
- School website

This information is provided in accordance with the rights of individuals under Data Protection Law to understand how their data is used. Staff, parents and pupils are all encouraged to read this Privacy Notice and understand the School's obligations to its entire community.

This Privacy Notice applies alongside any other information the School may provide about a particular use of personal data, for example when collecting data via an online or paper form.

This Privacy Notice also applies in addition to the School's other relevant terms and conditions and policies, including:

- Any contract between the School and its staff or the parents of pupils;
- The School's Taking, Storing and Using Images of Children Policy;
- The School's CCTV Policy;
- The School's Data Protection and Data Documentation, Information Security and Retention policies;
- The School's safeguarding, pastoral and health and safety policies, including as to how concerns or incidents are recorded; and

---

<sup>1</sup> Located in Holbrook, Suffolk, IP9 2RX.

<sup>2</sup> Greenwich Hospital's head office is located at 1 Farringdon Street, London EC4M 7LG.

<sup>3</sup> General Data Protection Regulation (GDPR) 25 May 2018.

- The School's IT policies, including Acceptable Use and On Line Safety policies

Anyone who works for, or acts on behalf of, the School (including staff, volunteers, governors, and service providers) should also be aware of and comply with this Privacy Notice, which also provides further information about how personal data will be used.

## **RESPONSIBILITY FOR DATA PROTECTION**

All individuals have a level of responsibility towards the protection of their own data and that of others. Those involved with managing data protection and processing personal data should receive appropriate training.

The School has appointed the Director of Finance and Operations (Bursar) as the Privacy and Compliance Officer, who will deal with any requests and enquiries concerning the School's uses of your personal data (see section on Your Rights below) and endeavour to ensure that all personal data is processed in compliance with this Privacy Notice.

## **WHY THE SCHOOL NEEDS TO PROCESS PERSONAL DATA**

In order to carry out its ordinary duties to staff, pupils and parents, the School may process a wide range of personal data about individuals (including current, past and prospective staff, pupils or parents) as part of its daily operation.

The overarching legal basis for the use of personal data is in accordance with the School's legitimate interests<sup>4</sup>, or the legitimate interests of another, provided that these are not outweighed by the impact on individuals, and provided it does not involve special category or sensitive types of data. Some of this activity will also need to be carried out by the School in order to fulfil its legal rights, duties or obligations – including those under a contract with its staff, or parents of its pupils.

The School has identified<sup>5</sup> that the following uses fall within the category of "legitimate interests":

- For the purposes of pupil selection and admission (and to confirm the identity of prospective pupils and their parents);
- For the purpose of providing relevant information and data to third parties supporting the education of individual pupils e.g. trusts, local council, education agents and guardians
- To provide education services, including musical education, physical training or spiritual development, career services, and extra-curricular activities to pupils, and monitoring pupils' progress and educational needs;
- Maintaining relationships with alumni and the wider School community and friends, including direct marketing, invitations to events and fundraising activity;
- For the purposes of donor due diligence, and to confirm the identity of prospective donors and their background

---

<sup>4</sup> GDPR Article 6 (1) (f).

<sup>5</sup> Having conducted and recorded a GDPR Legitimate Interest Assessment (LIA).

- For the purposes of management planning and forecasting, research and statistical analysis, including that imposed or provided for by law (such as diversity or gender pay gap analysis and taxation records);
- To enable relevant authorities to monitor the School's performance and to intervene or assist with incidents as appropriate;
- To give and receive information and references about past, current and prospective pupils, including relating to outstanding fees or payment history, to/from any educational institution that the pupil attended or where it is proposed they attend; and to provide references to potential employers of past pupils;
- To enable pupils to take part in national or other assessments, and to publish the results of public examinations or other achievements of pupils of the School;
- To safeguard pupils' welfare and provide appropriate pastoral care;
- To monitor (as appropriate) use of the School's IT and communications systems in accordance with the School's IT Acceptable Use Policy;
- To make use of photographic images of pupils in School publications, on the school website and (where appropriate) on the school's social media channels in accordance with the School's policy on taking, storing and using images of children;
- For security purposes, including CCTV in accordance with the School's CCTV policy; and
- Where otherwise reasonably necessary for the School's purposes, including to obtain appropriate professional advice and insurance for the School.

In addition, the School may need to process special category personal data (concerning health, ethnicity, religion or sexual life) or criminal records information (such as when carrying out DBS checks) in accordance with rights or duties imposed on it by statutory guidance or law, including as regards safeguarding and employment<sup>6</sup>, or from time to time by explicit consent where required. These reasons may include:

- To safeguard pupils' welfare and provide appropriate pastoral (and where necessary, medical) care, and to take appropriate action in the event of an emergency, incident or accident, including by disclosing details of an individual's medical condition where it is in the individual's interests to do so: for example for medical advice, social services, insurance purposes or to organisers of School trips or School caterers;
- To provide educational services in the context of any special educational needs of a pupil;
- To enable the organisation and administration of School trips or events;
- To enable administration of CCF, DofE and other activities;
- To provide spiritual education in the context of any religious beliefs;
- In connection with employment of its staff, for example DBS checks, welfare or pension plans;

---

<sup>6</sup> GDPR Article 9 (2), and Article 10 concerning criminal records.

- DBS checks in connection with employment of contractors;
- For legal and regulatory purposes (for example child protection, diversity monitoring and health and safety) and to comply with its legal obligations and duties of care.

### **TYPES OF PERSONAL DATA PROCESSED BY THE SCHOOL**

This will include by way of example:

- Names, addresses, telephone numbers, e-mail addresses and other contact details;
- Car details (about staff, pupils and contractors who use our car parking facilities);
- Bank details and other financial information, e.g. about parents who pay fees to the School;
- Past, present and prospective pupils' academic, disciplinary, admissions and attendance records (including information about any special needs), and examination scripts and marks;
- Where appropriate, information about individuals' health, and contact details for their next of kin;
- Parents employment details, Nationality, Gender, Religion, Ethnicity, 1st Language and Birth Country
- References given or received by the School about pupils, and information provided by previous educational establishments and/or other professionals or organisations working with pupils; and
- Images of pupils (and occasionally other individuals) engaging in School activities, and images captured by the School's CCTV system (in accordance with the School's Taking, Storing and Using Images of Children Policy);

### **HOW THE SCHOOL COLLECTS DATA**

Generally, the School receives personal data from the individual directly (including, in the case of pupils, from their parents). This may be via a form, or simply in the ordinary course of interaction or communication (such as email or written assessments).

However in some cases personal data may be supplied by third parties (for example another school, or other professionals or authorities working with that individual); or collected from publicly available resources

### **WHO HAS ACCESS TO PERSONAL DATA AND WHO THE SCHOOL SHARES IT WITH**

For the most part, personal data collected by the School will remain within the School, and will be processed by appropriate individuals only in accordance with access protocols (i.e. on a 'need to know' basis). Particularly strict rules of access apply in the context of:

- Medical records
- Pastoral and safeguarding files.

Within its duty of care obligations, the School will pass allergy information to the Caterers and will also enable provision of appropriate information to house pastoral staff and trip organisers in addition to medical staff.

Access to personal data through the School's information management system (ISAMS) is controlled by the Data Manager, and levels of access are periodically reviewed by the Privacy and Compliance Officer.

Staff, pupils and parents are reminded that the School is under duties imposed by law and statutory guidance (including [Keeping Children Safe in Education](#)) to record or report incidents and concerns that arise or are reported to it, in some cases regardless of whether they are proven, if they meet a certain threshold of seriousness in their nature or regularity. This may include file notes on personnel or safeguarding files, and in some cases referrals to relevant authorities such as the Local Authority Designated Officer (LADO) or police. For further information about this, please view the School's Safeguarding and Child Protection Policy, available via [www.royalhospitalschool.org](http://www.royalhospitalschool.org)

Occasionally, the School will need to share personal information relating to its community with third parties, such as:

- professional advisers (lawyers and accountants)
- relevant authorities (HMRC, police or the local authority)
- pension providers

In accordance with Data Protection Law, some of the School's processing activity is carried out on its behalf by third parties, such as IT systems, web developers or cloud storage providers. This is always subject to contractual assurances that personal data will be kept securely and only in accordance with the School's specific directions.

Data on School leavers will be passed to the RHS Charitable Trust in order for them to keep in touch with alumni.

### **HOW LONG WE KEEP PERSONAL DATA**

The School will retain personal data securely and only in line with how long it is necessary to keep for a legitimate and lawful reason. Typically, the legal recommendation for how long to keep ordinary staff and pupil personnel files is up to 7 years following departure from the School. However, incident reports and safeguarding files will need to be kept much longer, in accordance with specific legal requirements<sup>7</sup>. Additional arrangements apply for financial, contractor, CCTV images and other categories of data<sup>8</sup>.

If you have any specific queries about how this policy is applied, or wish to request that personal data that you no longer believe to be relevant is considered for erasure, please contact the School's Privacy and Compliance Office; [Bursar@royalhospitalschool.org](mailto:Bursar@royalhospitalschool.org)

However, please bear in mind that the school may have lawful and necessary reasons to hold on to some data.

### **KEEPING IN TOUCH AND SUPPORTING THE SCHOOL**

The School and the RHS Charitable Trust will use the contact details of parents, alumni/former staff<sup>9</sup> and other members of the School community to keep them updated about the activities of the School, or

---

<sup>7</sup> The ongoing Independent Investigation into Child Sexual Abuse has directed that personal data on pupils and staff be retained until further notice.

<sup>8</sup> See the School's 'Data Documentation, Information Security and Retention Policy'.

<sup>9</sup> Former Teaching staff and former Support Staff executive members are included as alumni.

alumni and parent events of interest, including by sending updates and newsletters, by email and by post. Unless the relevant individual objects, the School may also:

- Share personal data about parents and/or alumni, as appropriate, with organisations set up to help establish and maintain relationships with the School community, such as Music at RHS
- Contact parents and/or alumni by post and email in order to promote and raise funds for the School and, where appropriate, other worthy causes linked to the School;
- Should you wish to limit or object to any such use, or would like further information about them, please contact the Privacy and Compliance Officer in writing; [Bursar@royalhospitalschool.org](mailto:Bursar@royalhospitalschool.org)
- You always have the right to withdraw consent, where given, or otherwise object to direct marketing or fundraising. However, the School may need nonetheless to retain some of your details (not least to ensure that no more communications are sent to that particular address, email or telephone number).

## YOUR 'DATA SUBJECT' RIGHTS

Individuals have various rights under Data Protection Law to access and understand personal data about them held by the School, and in some cases can ask for it to be erased or amended or for the School to stop processing it, but subject to certain exemptions and limitations.

Any individual wishing to access or amend their personal data, or wishing it to be transferred to another person or organisation, or who has some objection to how their personal data is used, should put their request to the Privacy and Compliance Officer in writing; [bursar@royalhospitalschool.org](mailto:bursar@royalhospitalschool.org)

The School will endeavour to respond to any such written requests as soon as is reasonably practicable and in any event within statutory time-limits, which is one month in the case of requests for access to information. The School will be better able to respond quickly to smaller, targeted requests for information. If the request is manifestly excessive or similar to previous requests, the School may ask you to reconsider or charge a proportionate fee, but only where Data Protection Law allows it.

You should be aware that certain data is exempt from the right of access. This may include information which identifies other individuals, or information which is subject to legal or professional privilege. The School is also not required to disclose any pupil examination scripts (though examiners' comments may fall to be disclosed), nor any confidential reference given by the School for the purposes of the education, training or employment of any individual.

## PUPIL REQUESTS

Pupils can make subject access requests for their own personal data, provided that, in the reasonable opinion of the School, they have sufficient maturity to understand the request they are making (see section Whose Rights below). Indeed, while a person with parental responsibility will generally be entitled to make a subject access request on behalf of younger pupils, the information in question is always considered to be the child's at law.

A pupil of any age may ask a parent or other representative to make a subject access request on his/her behalf. Moreover (if of sufficient age) their consent or authority may need to be sought by the parent making such a request. Pupils ***aged 13 and above TBC*** are generally assumed to have this level of maturity, although this will depend on both the child and the personal data requested, including any relevant

circumstances at home. Slightly younger children may however be sufficiently mature to have a say in this decision.

All information requests from, or on behalf of, pupils – whether made under subject access or simply as an incidental request – will therefore be considered on a case by case basis.

## **CONSENT**

Where the School is relying on consent as a means to process personal data, any person may withdraw this consent at any time (subject to similar age considerations as above). Please be aware however that the School may have another lawful reason to process the personal data in question even without your consent.

That reason will usually have been asserted under this Privacy Notice, or may otherwise exist under some form of contract or agreement with the individual (e.g. an employment or parent contract, or because a purchase of goods, services or membership of an organisation such as an alumni or parents' association has been requested).

## **WHOSE RIGHTS?**

The rights under Data Protection Law belong to the individual to whom the data relates. However, the School will often rely on parental consent to process personal data relating to pupils (if consent is required) unless, given the nature of the processing in question, and the pupil's age and understanding, it is more appropriate to rely on the pupil's consent.

Parents should be aware that in such situations they may not be consulted, depending on the interests of the child, the parents' rights at law or under their contract, and all the circumstances.

In general, the School will assume that pupils' consent is not required for ordinary disclosure of their personal data to their parents, e.g. for the purposes of keeping parents informed about the pupil's activities, progress and behaviour, and in the interests of the pupil's welfare, unless, in the School's opinion, there is a good reason to do otherwise.

However, where a pupil seeks to raise concerns confidentially with a member of staff and expressly withholds their agreement to their personal data being disclosed to their parents, the School may be under an obligation to maintain confidentiality unless, in the School's opinion, there is a good reason to do otherwise; for example where the School believes disclosure will be in the best interests of the pupil or other pupils, or if required by law.

Pupils are required to respect the personal data and privacy of others, and to comply with the School's policies (e.g. IT Acceptable Use Policy) and the School rules. Staff are under professional duties to do the same covered under the relevant staff policy.

## **DATA ACCURACY AND SECURITY**

The School will endeavour to ensure that all personal data held in relation to an individual is as up to date and accurate as possible. Individuals must please notify the Privacy and Compliance Officer at [bursar@royalhospitalschool.org](mailto:bursar@royalhospitalschool.org) of any significant inaccuracies, or changes to important information such as contact details, held about them.

An individual has the right to request that any out-of-date, irrelevant or inaccurate information about them is erased or corrected (subject to certain exemptions and limitations under Data Protection Law): please see above for details of why the School may need to process your data, or who you may contact if you disagree.

The School will take appropriate technical and organisational steps to ensure the security of personal data about individuals, including policies around use of technology and devices, and access to school systems. All staff and governors will be made aware of this policy and their duties under Data Protection Law and receive relevant training.

### **THIS NOTICE**

The School will update this Privacy Notice from time to time. Any substantial changes that affect your rights will be provided to you directly as far as is reasonably practicable.

### **QUERIES AND COMPLAINTS**

Any comments or queries concerning this notice should be directed to the Privacy and Compliance Officer at [bursar@royalhospitalschool.org](mailto:bursar@royalhospitalschool.org)

If an individual believes that the School has not complied with this notice or acted otherwise than in accordance with Data Protection Law, they should notify the Privacy and Compliance Officer at [bursar@royalhospitalschool.org](mailto:bursar@royalhospitalschool.org)

The School can also make a referral to or lodge a complaint with the Information Commissioner's Office (ICO), although the ICO recommends that steps are taken to resolve the matter with the School before involving the regulator.
